

SETTING UP APPLICATION ENVIRONMENT

Docker CLI Installation

DATE	1 7 NOVEMBER 2022
TEAM ID	PNT2022TMID51354
PROJECT NAME	Containment Zone Alerting Application
TASK ASSIGNED TO	I.Jenish, P.J.Nibin christo, S.Akash,V.Ashor rithik

Step 1:

Go the official Docker website: <https://docs.docker.com/desktop/install/windows-install/>

Step 2:

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

Step 3:

Go to downloads in browser (or) type **ctrl + J**, it will navigate to download page and double-click the particular docker file.

Step 4:

Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

Step 6:

Finally, the docker is installed successfully.
